PROFILE SUMMARY

BCA student and self-taught Full Stack Developer with 2+ years of professional freelance experience delivering 20+ production-grade web applications for clients across India, USA, Russia, and Armenia. Founder of SENO Studio — a freelance digital agency. Proficient in React, Next.js, Node.js, Django, PostgreSQL, and MongoDB. Experienced in the full product lifecycle: UI/UX design, frontend development, backend architecture, database design, and deployment. Seeking internship and full-time Full Stack / SDE roles.

WORK EXPERIENCE

Full Stack Freelance Developer

Jan 2022 – Present

SENO Studio · Remote, Muzaffarpur, Bihar

- Delivered 20+ end-to-end production web applications for clients across India, USA, Russia & Armenia.
- Built complete solutions — from UI/UX design in Figma to REST API development, database architecture, and cloud deployment.
- Engineered SoftCampus.in from scratch — a pan-India global tech agency website with international presence in USA, Russia & Armenia.
- Built Muzaffarpur Lahathi — a full-stack digital platform that launched a major legacy offline brand into the digital space.
- Reduced average project delivery time by ~30% through reusable React component libraries and standardized project workflows.
- Managed full client lifecycle independently: scoping, requirements, design, development, testing, deployment, and support.
